Dear Pulmonary Fibrosis Community,

The Canadian Pulmonary Fibrosis Foundation is seeking new board members who have the time and desire to be part of an organization that has a real and tangible impact on the Pulmonary Fibrosis community. At this time, we are specifically searching for two individuals, one of these to be a person with legal experience and knowledge.

Attached is a brief outline of the role of a CPFF board member. If you are thinking this might be a volunteer role you would be interested in, please contact us. We would like to invite you to a board meeting (using Zoom) and provide you with the opportunity to get to know us. This experience may help you determine whether or not this is a position you want to become involved in.

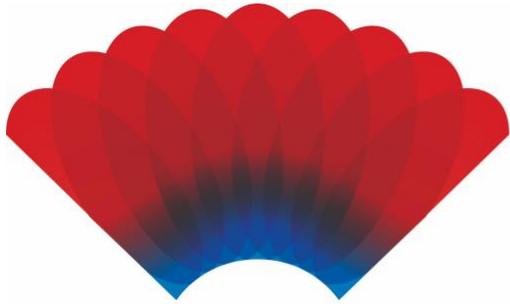

You are also invited to submit a covering letter, a brief resume or story that tells us who you are and how you can help with the work of CPFF. Please send your information and notification of interest to admin@cpff.ca by May 15, 2022

Thank you in advance for your interest, your desire and your willingness to serve.

Regards,

CANADIAN PULMONARY FIBROSIS FOUNDATION (CPFF) BOARD DIRECTOR

We need you! Are you interested and able to give of your time and abilities to aid others?

The Canadian Pulmonary Fibrosis Foundation (CPFF) is seeking two new board members with the passion and drive to bring about positive change in the lives of those affected by pulmonary fibrosis.

At this time we are specifically searching for one of these people to have legal experience and knowledge. The board members of CPFF are involved participants in the activities of this national charitable organization. They are accountable for the performance of CPFF in relation to its mission and strategic objectives and for the effective stewardship of financial and human resources. The goals of the CPFF Board of Directors are to provide structure, support and guidance to the CPFF's mission. In addition to providing overall direction for the foundation, the board members undertake specific activities related to awareness, support, advocacy and fundraising. The CPFF works closely with the medical community and with support from Canadians such as yourself, we will continue to be the voice of all those impacted by Pulmonary Fibrosis.

To learn more about this rewarding volunteer opportunity please send your letter of interest to admin@cpff.ca by May, 15, 2022.
